

# Kishan Pandya

React Developer

+91 7984229096 ◇ Ahmedabad, Gujarat, India

[kishanpandya405@gmail.com](mailto:kishanpandya405@gmail.com) ◇ [linkedin/kishanpndya](https://www.linkedin.com/in/kishanpndya)

## OBJECTIVE

---

Proficient in front-end technologies including HTML, CSS, JavaScript, React, and databases such as MySQL. And passionate about creating intuitive, user-friendly interfaces and ensuring optimal functionality, accessibility, and security. Proven ability to work in a collaborative environment, solve complex problems, and deliver high-quality code in fast-paced projects

## EDUCATION

---

**Bachelor Of Computer Engineering**, Shankersinh Vaghela Bapu Institute of Technology | 2024

**Diploma in Computer Engineering**, Government Polytechnic Gandhinagar | 2021

## SKILLS

---

**Programming Languages:** HTML, CSS, JavaScript

**Frameworks and Libraries:** React JS, Bootstrap, Redux Toolkit

**State Management:** Redux, Context API

**API Integration:** RESTful APIs

**Operating system:** Windows, Ios

**Version Control:** Git, GitHub

**UI Libraries:** Material-UI

**Tools and Utilities:** npm

## EXPERIENCE

---

**Role: Web Developer**

**Tridev IT Solution Pvt. Ltd. | Sep 2023 - Nov 2024**

- Contributed to a range of web development projects, delivering responsive and user-centric applications by utilizing HTML, CSS, JavaScript, React JS, and Redux Toolkit.
- Specialized in React's component-based architecture, with effective state management using Redux to enhance scalability and maintainability.
- Integrated RESTful APIs and implemented intuitive UI components using Material-UI and Bootstrap, ensuring consistent design and functionality.
- Maintained high-quality code standards and effective collaboration through Git and GitHub, supporting a cohesive team environment and streamlined project delivery.

## PROJECTS

---

### E-Commerce Platform: [\(Try it here\)](#)

Technologies: React JS, Redux Toolkit, Hooks, API Integration

- Built a dynamic e-commerce platform with features like product listing, cart functionality, and responsive design. Utilized Redux Toolkit and hooks for efficient state management and seamless API data fetching, creating an engaging and user-friendly shopping experience.

### Chat Application: [\(Try it here\)](#)

Technologies: React JS, Firebase

- Developed a real-time chat app with Firebase for instant messaging and user authentication. Integrated Firebase's database to enable secure and interactive communication, with a simple and user-friendly interface.

### AI Chatbot (Jarvis-Like Assistant): [\(Try it here\)](#)

Technologies: JavaScript, React JS, AI/ML Integrations

- Developed an interactive AI-powered chatbot inspired by Jarvis, using JavaScript and React JS. Designed to provide intelligent responses and perform automated tasks, with natural language processing (NLP) to understand user queries. The chatbot offers a responsive, conversational interface, delivering a personalized user experience with real-time feedback.

### Course-Selling Platform: [\(Try it here\)](#)

Technologies: React JS, Payment Gateway Integration

- Created an online course-selling website with a secure payment gateway. Designed an intuitive user interface for course browsing and checkout, providing users with an efficient and reliable platform for purchasing courses.

### To-Do Application: [\(Try it here\)](#)

Technologies: React JS

- Built a To-Do application for task management, with features to add, edit, and delete tasks. Focused on a clean, responsive UI to improve user productivity and task organization.

### Admin Dashboard: [\(Try it here\)](#)

Technologies: React JS, Context API, Dynamic Forms

- Designed an advanced admin dashboard with features for managing products, categories, users, and reports. Implemented state management with Context API and dynamic forms, enabling a comprehensive and interactive admin experience.

## EXTRA-CURRICULAR ACTIVITIES

---

- System Administration And IT Infrastructure Services 96%
- Programming For Everybody (Getting Started With Python) 97.5%
- Programming Foundation With JavaScript, HTML and CSS 91%
- Building Web Application in PHP 89%
- React and Redux Certificate

## Hobbies

---

- **Coding Challenges:** Enjoy solving coding puzzles to sharpen programming skills and explore new technologies.
- **Reading Tech Blogs:** Stay updated on industry trends and new tools in web development.
- **Photography:** Capture moments creatively, focusing on nature and urban photography.
- **Traveling:** Explore new places and cultures, gaining fresh perspectives and inspiration.
- **Gaming:** Engage in strategy and simulation games to enhance problem-solving and analytical skills.

## Language

---

- English
- Hindi
- Gujarati
